A little guide and every answer

**Puppy brought Teddy
to a picnic in the park.**

A pretend mystery with a happy ending.

How to play

1. Read together.

Suggested ages 4–6, adjusted to readiness. A grown-up reads the clues.

2. Solve in order.

Use a pencil to write, copy, draw the route and circle choices. No cutting.

3. Allow thinking time.

Help name symbols and letters. Pointing is fine if writing is still tricky.

4. Keep it playful.

Use a toy teddy to retell the story. Talk about asking before borrowing.

Answer key

01 Crack the code

Star=P, circle=A, triangle=R, square=K. The word is PARK.

02 Match the dots

Puppy's bag (right). Copy dots into cells 1, 5, 7 and 9, counted by rows.

03 Follow the arrows

Right, right, down, right, down. Finish at PICNIC (row 3, column 4).

04 Open the basket

1: BLUE square (right). 2: triangle (left). 3: triangle (middle).

Print A4 at 100%. Colour helps; the pattern tiles also have shape and word cues.
